David,

Non-Responsive

Palmer and I may be getting back to Anchorage in the late afternoon. While I will not count on it, if we get in, it would be great to be able to touch base with Dennis. All communication I have had so far about Pebble goes through Rick. I'd like to be able to talk directly even if only briefly.

Subject: Possible RA visit

AOO -- I have been working for a while to integrate a visit to our Anchorage office into the itinerary for Dennis McLerran's trip to Alaska next week.

Non-Responsive

Non-Responsive

With that in mind, please reply to this message if you: (1) will be in the Anchorage office between 4-5pm on Tuesday or 3-5pm on Friday; and (2) would be interested in meeting informally with Dennis, either individually or as a small group. No need to reply if you do not meet both of these criteria.

If we can pull this off, it should be a good opportunity to hear from Dennis directly his thoughts on the Region's priorities and how they fit into the work we are doing here in Alaska as well as to let him meet the folks who are actually doing this work. If we can't pull it off next week, Dennis is planning to be back in Anchorage in late August, so there may be a better opportunity to visit then.

Thanks.
